WELCOME TO WUJC

SPECIAL 15th ANNIVERSARY EDITION

"The Voice of John Carroll University." "Your Heavy Metal Connection." "Cleveland's Music Alternative." Through the past decade and a half, WUJC has grown to fulfill each of these titles.

WUJC is a student-run organization licensed to John Carroll University by the Federal Communications Commission. When WUJC went on the air in May of 1969 the broadcast day was limited to 3 hours. Today WUJC broadcasts from 6:00 a.m. until 2:00 a.m., Monday through Sunday.

Musically, our programs reflect the tastes of all. WUJC broadcasts the sounds of Contemporary Christian Rock, Classical Music, Polkas, Heavy Metal, and Classic Rock among many others.

In 1975, the Federal Communications Commission granted WUJC a power increase from 10 watts to its present 750 watts. Since our radio signal originates from one of the highest points in Cuyahoga County our signal is able to reach a much larger distance than most college radio stations in the Cleveland area. Our radio tower is located on top of Grasselli Tower located on the campus of John Carroll University in University Heights!

In May of 1981, Mark Krieger, WUJC's Chief Engineer rebuilt the antenna system as well as the transmitter, and at this time John Carroll University authorized the purchase of a stereo unit for the station.

It is on this 15th Anniversary of WUJC that we would like to thank our listening audience for their continued support. Any comments or suggestions you might have are welcome, and they should be addressed to WUJC's Program Director.
